**“Your Gateway to Safe and Verified Jobs Abroad”**

## Platform Purpose

RwandaWorks.com is a digital recruitment platform designed to:

- Connect Rwandan job seekers to legal and secure employment opportunities abroad (e.g, Qatar, UAE, Saudi Arabia, etc.)
- Simplify the application process
- Ensure transparency in recruitment
- Partner with verified employers and government institutions to fight exploitation and illegal migration

## Core Features

### 1. Secure Application Portal

- Encrypted data transfer (HTTPS + end-to-end form encryption)
- Identity verification via National ID or Passport
- Safe document upload (ID, CV, medical, police clearance)
- Two-step verification (SMS or email)

### 2. Job Listings

- Regularly updated jobs from approved employers
- Filters by country, profession, language, and salary
- Each job includes:
  - Contract duration
  - Accommodation & food provision
  - Work conditions
  - Employer verification badge

### 3. Clear & Simple Application Process

Steps:

1. Create account
2. Complete profile & upload documents
3. Apply for jobs
4. Attend orientation / interview
5. Visa & travel processing
6. Departure & onboarding abroad

### 4. Orientation & Legal Awareness

- Video and PDF briefings on:
  - Workers' rights abroad
  - What to expect in destination countries
  - How to report abuse or illegal practices

### 5. Support & Tracking

- Applicant dashboard to track application status
- Chat support (WhatsApp, email, chatbot)
- Emergency contact registration
- Follow-up system for applicants abroad

### 6. For Employers & Partners

- Verified employer portal
- Post job offers, track candidates
- Receive pre-screened profiles
- Partner with RwandaWorks for ethical hiring

## Target Audience

- Rwandan youth aged 18–35
- Skilled laborers (construction, hospitality, security, drivers, cleaners)
- Professionals (nurses, engineers, technicians)
- TVET graduates

## Revenue Model (Optional)

- Free for applicants
- Commission from employers per successful hire
- Premium employer features (candidate matching, ads, analytics)
